In Section 12 of the Mysore Tramways Regulation No. II of 1906, it is stated that a tramway shall not be opened for public traffic - until an Engineer appointed in this behalf by Government has inspected it and certified it to be fit for such traffic, but no such appointment has yet been formally notified. Please therefore order the publication in the State Gazette of a noti-fication appointing myself and the Superintending Engineers, Eastern and Western Circles, as Senior and Junior Inspectors for the purposes of that section.
